ADF PRE-PROFESSIONAL DANCE INTENSIVE OVERVIEW

Heralded as “One of the nation’s most important institutions” by *The New York Times* and as “The world’s greatest dance festival” by the New York Post, the American Dance Festival’s sustained record of creative achievement is indivisible from the history of modern dance. We are excited for you to be part of this history and to help us create another remarkable summer of dance!

The Pre-Professional Dance Intensive (PDI) curriculum is designed to develop:

- well-rounded dance artists through high quality training;
- dancers who exhibit community-mindedness and have strong collaborative skills; and
- community members who know how to lead with empathy and follow with respect.

PDI Curriculum

Participants train intensively in modern dance, creative repertory, composition, hip hop, and ballet. They will take masterclasses in other various dance forms. The school’s emphasis on community-based collaborative learning is realized in daily classes through the way that participants are grouped for classes. Participants are not divided into classes based on their skill level.

Community, Leadership, and Group Discussion

In cultivating the practice of community-mindedness, participants take part in group discussions and workshops guided by dorm counselors, faculty, and invited guests with participant collaboration. This time together focuses on engaging in activities that focus on building community, collective learning, leadership, and supporting each participant’s artistic voice.

All participants are expected to contribute to an environment where individual actions do not violate the integrity of the community. Intimidation, harassment, and bullying will not be tolerated.

Dorm Counselors

Dorm counselors are selected via an application process. All have previous experience as counselors or teachers in summer camps/dance intensives, or as college residence assistants. Counselors undergo training at ADF that allows them to get to know one another and prepare to create a supportive and caring community for PDI.

GENERAL PROGRAM INFORMATION

General Schedule

Students, get ready! The weekdays are filled with 4 daily classes Monday–Friday, which includes Modern and Repertory in the morning, alternating Ballet and Hip hop in the afternoon, followed by a collaborative class that delves into creating dance films. In the evenings, participants attend ADF performances, engage in group activities/projects, or have downtime with the opportunity to call home. Weekends consist of one or two classes, projects/activities/discussions, opportunities to engage

with the larger ADF community, performances, and downtime. Please refer to the [PDI Sample Intensive Schedule](#) for a general outline. A detailed full intensive schedule will be provided prior to arrival to the intensive.

Attendance Policy

All classes in PDI are required. Participants may only sit out of classes if they are ill or injured. If a student is ill (not contagious/or does not have COVID symptoms) or injured and not in physical therapy, faculty and counselors will help them continue learning through observing class, taking notes, or helping with class. Participants with contagious illnesses or injuries that prevent them from commuting to class will be excused from class and supported by counselors. Alternate plans will be developed for participants whose injuries or illnesses prevent them from returning to dancing before the end of the two-week period. See "Health & Wellness" for COVID Policy information.

Dress Code

Participants are asked to abide by a dress code that contributes to a positive learning environment. ADF requires participants to wear clothing appropriate for each dance form. Long hair will need to be tied away from the face. Clothing layers are highly encouraged for warm-up purposes and for changing studio temperatures. Below is a list of dress code items, as well as clothing suggestions. **ADF does not permit crop tops or booty shorts. All shorts must be mid-thigh length and properly cover the lower body due to the nature of frequent floor work in the program.**

Required dress code:

- **Ballet:** Tights or leggings, leotards or form-fitting tops, ballet shoes.
- **Modern:** Leggings, thigh-length bike shorts, footless tights, or close-fitting sweatpants/exercise pants; and leotards or close-fitting tops.
- **Hip hop:** Any kind of tops and bottoms, sneakers (non-marking, no black soles), thin knee pads (optional).
- **Repertory:** Depending on the repertory group the participant is placed in, they may need non-marking sneakers.
- **Final Showing attire:** A detailed list of required Final Showing attire will be provided later, if needed.

Please let ADF know if you are unable to fulfill any of the required dress code items for any reason. We are happy to assist you in getting the necessary items or finding an alternative.

Final Showing

The PDI Final Showing is on Saturday, July 16, at 11:30 AM. The performance will be videotaped and made available online for participants and parents/legal guardians after the festival. Family and friends are welcome to attend this showing for free and an invitation with details will be sent out at a later date!

Performances

Participants attend most performances at ADF during the PDI program. If family or friends wish to purchase tickets to a performance, we recommend that they are [purchased online through the Duke Box Office](#). Reynolds Industries Theater inside the Bryan University Center and Page Auditorium are located on Duke University's West Campus. Both share an event parking space at the Bryan Center Parking Deck. Additional performance venues will be noted on the PDI calendar and ADF website. ADF buses/vans will transport participants to performances. ***Parents/legal Guardians and family may purchase tickets for 25% off with a code that will be provided at a later date.***

Performance Content

ADF curates and presents a wide range of performances. Some performances might include controversial content, such as profanity, nudity, or provocative topics. ADF does not present performances whose controversial aspects are gratuitous or lacking in artistic merit/integrity. If ADF determines that a work being seen by participants has controversial content, ADF will hold preparatory sessions and follow-up conversations in which participants can discuss any aspects that may have been new or difficult for them to process.

ADF performances marked for adult content, including specific details of that content, will be shared with parents/legal guardians and participants prior to July 3rd. That said, it is impossible to create a comprehensive list of performances with potentially controversial content since each family and individual has different understandings of what is controversial or triggering. Parents/Legal Guardians can request that their participant opt out of any performance due to content, and participants will always have the option to leave a performance at any time, should they feel the content is triggering, a violation of their beliefs or family values, or a threat to their well-being. Counselors will accompany and support participants who need to remove themselves from a performance.

Videotaping and Photography

Throughout the festival, participants may be photographed and videotaped in class for future marketing purposes by ADF staff and for family update emails, which are sent to PDI families each week.

HEALTH & WELLNESS

Preparing for a new environment

As laid out in the Participation Agreement, the parent/legal guardian recognizes that adjusting to a new environment, which often involves being away from current support systems, can be a stressful and emotionally challenging experience for participants. The parent/legal guardian acknowledges these challenges and agrees to identify and provide, as necessary based on the participant's individual circumstances, additional support, professional counseling, and/or medical assistance both prior to and during the program.

Integrating into a new community and being away from home, especially if it's the first time, may trigger homesickness for some participants. It's key to discuss homesickness as a family and prepare your participant for welcoming new experiences in different environments. ***We strongly encourage each parent/legal guardian to refer to this [helpful article](#) around the subject of homesickness for great ideas around how to prepare their participant for staying at a camp for an extended period of time.***

Self-Care/Illness & Injuries

ADF encourages participants and parents/legal guardians to begin having conversations about self-care before arrival. Practicing self-care can offer longevity and continued joy in a discipline that requires physical and mental strength. Here are some encouraged self-care practices:

- Eat properly throughout the day
- Drink lots of water
- Get enough rest at night
- Continue to take dance classes consistently until ADF begins
- Schedule moments of rest for the body
- Warm up the muscles before class and stretch after class

ADF recognizes that illness and injuries do happen. In the event of illness or injury, ADF staff will seek medical treatment and/or physical therapy for the participant at Duke Student Health (dependent on paid Health Fee), Duke University Medical Center, or another nearby (Duke or non-Duke) facility. When possible, ADF staff will make a good faith effort to contact parents/legal guardians before seeking treatment. If this is not possible, ADF staff will notify parents/legal guardians as soon as possible of any and all diagnoses/treatments. Participants arriving at ADF with any pre-existing injuries or illnesses are required to inform the ADF staff.

COVID Policies & Protocols

As the situation continues to evolve, ADF's COVID policies and protocols will be updated in accordance with NC Governor Cooper's office, the NC Department of Health and Human Services (NCDHHS), CDC guidelines, and Duke University. These policies and protocols **will change**, and we appreciate patience and cooperation. To be successful, we need full participation in risk mitigation protocol from our students, staff, faculty, and parents/guardians. In exchange, we will provide transparent communication and clear updates as changes occur.

Refer to our website here for the most updated COVID policies: <https://americandancefestival.org/adf-school>

Participation in the Program could increase the Participant's risk of contracting COVID-19. COVID-19 guidance for youth activities can change over time. Participants who are fully vaccinated are not currently required to wear masks outside of in-person class sessions or when visiting a location that may require masking based on specific circumstances. The situation remains fluid and ADF, Durham, and/or the State of North Carolina could change requirements (such as reinstating an indoor mask mandate) at any time. Participants should have a mask available at all times in case it is needed.

Health Insurance

Participants in all programs must provide ADF with proof of adequate health insurance coverage. Participants are responsible for obtaining adequate coverage on their own. Proof of coverage must be provided before arrival. Participants will not be

allowed to take class until the ADF School office has their insurance information on file—no exceptions! Health insurance cannot be obtained through ADF.

Medication Policy

Residential participants are not allowed to hold any medications. Medication will be collected and reviewed at check-in by program nurses, held by program staff in secure storage, and distributed to the participant as required, with the exception of urgent-need medications that need to remain on the participant at all times. The program will not collect medications from commuter participants.

- Bring medications in the **original prescription bottle labeled with the participant’s name, the contents, and dosage information**. Be sure there is enough medication to last for the entire intensive, and ensure the medication is not expired.
- All medications, including over-the-counter products, are stored securely (refrigerated if necessary). **The only exception to this policy will be for urgent-need medication such as insulin, diabetic supplies, rescue asthma inhalers, and epinephrine devices, which participants may keep with them.**
- Based off participants’ needs, designated daily AM and PM times for taking medication will be scheduled. Other times will be established as needed to accommodate for mid-day medications. Program staff will distribute medication following our established policies to ensure that medication is provided to the correct participant.
- Once distributed, participants must self-administer their medications and take them in the presence of program staff. Participants are responsible for remembering to take their medications. Dorm counselors and other program staff will not administer any medications, except for epinephrine devices and glucagon in emergency situations.
- For injected medications: If the participant cannot self-inject, the medication must be administered by a licensed health practitioner. **Parents/Legal guardians are responsible for scheduling any needed appointments for injections for their participant** at a local medical facility within a 10-mile radius of Duke University’s campus. Program staff will provide transportation to and from the scheduled appointment.

Program Nurses

ADF works with Duke nurses to oversee program medication policies and management, and to provide ongoing medical support to the program. Duke nurses are available on call throughout the duration of the program should an illness or injury arise for any participant and will be readily available to consult and/or provide triage as needed for medical issues.

Duke Student Health Center

Located at 305 Towerview Road on West Campus, 919-681-9355.

[Learn more at their website.](#)

Student Health Center Fee (\$50) Coverage

ADF participants may pay a fee and receive basic health care through Duke University. Paying the Student Health Center fee DOES NOT replace medical insurance. All participants who pay the fee must also provide proof of insurance. With the Student Health Center fee, students are eligible for basic assessment/treatment at the Student Health Clinic on Duke University's West Campus during the program. The Student Health Center fee does not cover Emergency Room visits.

Individuals who have not pre-paid the Student Health Center fee may purchase at the time of service. Insurance will be filed for lab studies not covered by the health center fee, prescriptions, and x-rays. The Student Health Center fee includes the following services:

- Diagnosis and management of acute and chronic illness and minor injury
- Laboratory studies performed in the Student Health Lab
- Medical supplies

- Health education materials and services
- Nutrition consultation
- Duke University Counseling and Psychological Services (CAPS). Please call 919-660-1000 to speak with a counselor or make an appointment.

Pharmacy

The Duke Clinic Pharmacy on the first floor of the Duke Clinic will generally be open during Student Health Center hours of operation. Participants requiring prescriptions may use the Duke Outpatient Pharmacy located on the 1st floor of Duke South or use any retail pharmacy of their choice in the area. Prescriptions are not covered under the student health fee, so participants should be prepared to pay the cost by having available cash, checks or credit cards. All participants are required to bring their private prescription benefit card to minimize out-of-pocket cost.

Services NOT Covered by the Health Fee

Participants unsure whether a procedure or service is covered should ask prior to their appointment. The following services are not covered by the summer Student Health Center fee and will be the financial responsibility of the participant:

- routine dental care
- x-rays
- specialist care
- emergency room or urgent care facility

After-Hours Care

- Duke Health Center Nurse Advice: 919-966-3820.
- Duke Urgent Care Croasdaile: 1821 Hillandale Rd, Suite 24A, Durham, NC 919-383-4355.
Open 7 days a week, 8:00 AM–8:00 PM.
- Emergency Room, Duke Medical Center Emergency Department: Erwin Road, at Duke North, across the street from the VA Hospital (9th Street turns into Erwin). In the event of a life-threatening emergency, participants will go directly to the Emergency Department (919-684-2413). If necessary, Duke Police (911 or 919-684-2444) will provide on-campus transportation to the Emergency Department.

Physical Therapy

The ADF Physical Therapy room is located inside Gilbert-Addoms (ADF summer office location). Services are available on a walk-in basis for limited hours on Mondays, Wednesdays, and Fridays. The physical therapist is only available for ADF participants and faculty who become injured at the festival. The ADF PT clinic is free of charge and insurance is not required.

The ADF PT clinic is intended for examining acute injuries sustained during the festival; it cannot provide ongoing physical therapy for long-term injuries, nor can it guarantee service for pre-existing injuries. Dancers who need ongoing therapy more than once a week will need to be treated at the Duke Sports Medicine clinic (insurance coverage required). Note that the ADF therapists do their best to treat everyone who comes in, but due to the high demand, limited resources, and limited availability, it's impossible to guarantee that every injured dancer will be seen immediately. Students unable to be seen will be taken to Duke Sports Medicine, which requires health insurance.

Please note:

- New patients must arrive at least 15 minutes prior to closing time.
- Treatment is first-come, first-served, but more urgent injuries may be bumped sooner at the therapist's discretion.
- Non-Clinic Hours: depending on severity, go to Duke ER or Duke Urgent Care on Hillandale Road.

Ice is available outside of the Physical Therapy room during PT Clinic hours. There is ice and plastic bags available in the Gilbert-Addoms Dorm kitchen when the clinic is closed.

PACKING LIST

Below is a suggested packing to help participants prepare for their arrival to ADF. Because this is a suggested list, we ask participants and parents/legal guardians to review the items and see what works best for them. Required items are **bolded**. PARAMETERS & POLICIES FOR PARTICIPANTS

Cell Phone & Device Policy

The purpose of attending a dance intensive is to focus on your training, creativity, and building relationships. To further support this environment, we have a Cell Phone & Device Policy in place to reduce screen time and increase time and presence with others within the ADF community.

Cell phones and internet-enabled devices must remain turned off and/or on silent and kept in the student's dorm room, or a commuter's dance bag, except during designated times. Students may only use their devices during regular "phone home" times, to support a classroom learning experience or project, or as needed for emergency use. The technology break allows students to be more present in the learning environment and enables them to form strong and lasting relationships within the ADF community.

If use of a cell phone or other device is used inappropriately or to bully other students, ADF has the right to collect any devices and will discuss the issue with the parent/legal guardian. ADF is not liable for loss or damage to devices brought to the program.

Dorm Policies

Duke University dorms are a shared community space. Participants are expected to respect their peers, ADF, and Duke University community living standards, described below. Transgender or gender nonconforming participants who have specific housing needs based upon their gender identity or gender expression may contact ADF at school@americandancefestival.org or (919) 684-6402.

Supervision and Sign In/Out:

Dorm counselors are with participants at all times, including during all meals, classes, performances, activities, and travel to/from all locations. To ensure that no one is left behind, participants will be asked to sign out when they leave the dorm in the morning and sign in again when they are coming back at night.

Curfew:

All participants need to be in the dorm and signed in by 9:00 PM every day. After the day's final sign-in, participants may not leave the dorm until the next morning. Participants have in-room quiet time Sunday–Thursday nights, 10:00 PM–11:00 PM, with lights out by 11:00 PM. In-room quiet time on Friday and Saturday nights is 11:00 PM–midnight, with lights out by 12:00 AM. On some nights, ADF events and performances will run past the standard curfew time, and amendments will be made to that evening's final check-in and lights out times.

Dorm Rooms, Shared Spaces, and Common Areas:

ADF is a busy environment with a great deal of social and group interaction. To balance this atmosphere of continual engagement, ADF has designed areas to be private spaces where participants can relax quietly alone or generally take a break from the social atmosphere. To provide some privacy and quiet time to participants, dorm rooms should only be shared space for the two roommates occupying the room. Participants should not enter dorm rooms that are not theirs. If participants want to spend time with friends who are not their roommates, they may do so in dorm common areas.

The dorm is the community's collective home. When using any shared space, ADF asks participants to be mindful of the larger community and leave the space clean and orderly. Shared spaces include assigned rooms, bathrooms, kitchens, laundry rooms, and common areas. To ensure that all participants and their belongings stay safe, ADF asks participants to keep all doors locked when leaving for the day, to NOT prop open outside doors, and refrain from lending their key or ID card to anyone.

While we know that damage is not always intentional, please note that participants are responsible for the cost of any damage to their room or communal spaces at ADF.

Roommates:

Participants will have a roommate during their stay. ADF understands this may be the first time a participant is away from home and possibly the first time they will share a room and personal space with another individual. Participants and parents/legal guardians should begin talking about living in a new, shared space and how each participant will now be a part of the PDI community/family. ADF will continue the conversation with participants once they arrive.

Keys & ID Cards:

For safety reasons, ADF asks participants to report any lost key or key card immediately. There is a \$125 replacement charge for lost keys and a \$15 replacement fee for lost ID cards.

Prohibited Activities:

ADF hopes to provide an atmosphere of trust and camaraderie. Disciplining participants is not the primary purpose of staff or counselors. That said, should harmful or dangerous actions occur that require disciplinary measures, ADF will respond to them promptly and decisively to ensure that the community remains safe. While most behavioral concerns are resolved through meetings with program staff, certain actions by participants constitute clear-cut and serious violations of program policies and, in some cases, violate campus regulations and state or federal laws. ADF reserves the right to dismiss any participant from the festival, at the staff's discretion, due to egregious misconduct or violation of rules that include, but are not limited to, the rules listed in this handbook.

Participants who engage in the following actions will be immediately dismissed from ADF:

- Possession of weapons of any kind.
- Possession, sale, or use of alcohol, tobacco products, illegal drugs, or paraphernalia of any kind (in accordance with federal age laws).
- Theft.
- Tampering with fire alarms.

Participants who engage in the following will be subject to disciplinary action, which may include dismissal from ADF:

- Leaving the dorm without a dorm counselor or leaving campus without permission.
- Violating the dorm room policy by visiting a room that is not your own or permitting another participant to enter a dorm room that is not the participant's.
- Violating host site regulations, policies, and procedures, or federal, state, or local laws, rules, regulations, or ordinances.
- Using hate language in any context other than when appropriate to an artistic exercise.
- Excessive damage to host campus property.
- Risky behavior that endangers the participant's safety or the safety of others.
- Sharing prescribed medication.
- Verbal or physical harassment of participants or staff, including, but not limited to, bullying and playing pranks or practical jokes, including via electronic means.
- Fighting, including hitting or pushing another person, either as an aggressor or in response to the aggressive or irritating actions of another.
- Possession of matches, lighters, candles, fireworks, or any other incendiary device.
- Tampering with fire extinguishers or hoses.

Prohibited Items:

ADF reserves the right to confiscate prohibited items for the duration of the program. ADF cannot assume responsibility for loss or damage to confiscated items. Possession or use of certain prohibited items may result in dismissal from the program.

Participants may not bring the following items to ADF:

- illegal drugs
- weapons of any kind
- alcoholic beverages
- tobacco products, electronic cigarettes, hookahs, matches, or lighters
- candles, incense, or fireworks
- pets of any kind

Laws:

Participants must always follow all university, state, and federal laws.

Notice

These rules are consistent with the Duke University residential supervision requirements. There are no exceptions to these rules. If any of these rules are broken, the severity of the participant's reprimand will be at the discretion of program staff. Certain actions can result in immediate dismissal from ADF. No refunds will be given to participants dismissed from ADF and travel expenses resulting from dismissal will be the responsibility of the participant and parent/legal guardian. Please communicate with the dorm counselors or staff about anything of concern or any questions. Ultimately, we are here to help participants have a fun, healthy, and enriching summer!
